

# Your 2026 BENEFIT PREMIUMS

As you review the 2026 premiums below, note:

- **The wellness credit is already reflected in the medical premiums.** You will pay \$25 more biweekly per covered participant if you and/or your spouse did not complete the wellness requirements for 2026.<sup>1</sup>
- **The tobacco-free credit is already included in the medical premiums** and applies only if you and your covered spouse pledge you are tobacco-free. See your enrollment guide or the enrollment website for the tobacco premium that will be applied otherwise.
- **If you enroll in HSA Core or HSA Value, the Company will contribute to your Health Savings Account (HSA) contribution.** See page 2 for the amount and other details.
- **Premiums for medical, dental and vision are generally deducted pre-tax<sup>2</sup>;** all other premiums are deducted after-tax.

## 2026 Biweekly Medical Premiums

1. The 2026 wellness requirements do not apply if you were newly enrolled in the LSC medical plan after August 1, 2025, in which case you will automatically receive the credit.

2. Employee contributions for the coverage of non-tax-dependents, such as domestic partners and their children, are deducted on a pre-tax basis based on the premium amounts noted above. However, you will also pay taxes on the value of the coverage as imputed income. Imputed income is calculated by subtracting the COBRA premium for Employee Only coverage from the COBRA premium for the coverage you have in effect such as Employee + Spouse in the case of just covering a domestic partner. The difference is your imputed income. COBRA coverage for this purpose is 100% of the unsubsidized cost of coverage and not 102%. The imputed income amount is added to your paycheck as taxable income and results in income tax withholdings.

3. Base salary as of September 1, 2025

## Health Savings Account (HSA) Match for 2026

If you enroll in **HSA CORE** or **HSA VALUE**, the Company will automatically contribute up to \$500 to your HSA — half in January and the other half in July. You can use this account to pay for eligible health care expenses for you and your eligible dependents on a **tax-free basis** for federal income tax purposes (state laws may vary). The money in your account is always yours.

Note you must be actively employed at the time of the contribution. Also, you must actively opt out of the Company contribution if you are Medicare-eligible and working past age 65, or if you do not wish to receive the Company contribution.
