## YOUR 2024 BENEFIT PREMIUMS

As you review the 2024 premiums below, note:

- The tobacco-free credit is already included in the medical premiums and applies only if you and your covered spouse will be tobacco-free in 2024 or complete the tobacco-cessation program between January 1, 2024, and November 30, 2024. See your enrollment guide or the enrollment website for the surcharge that will be applied otherwise.
- If you enroll in HSA Core or HSA Value, the Company will contribute to your Health Savings Account (HSA). See page 2 for the amount and other details.
- Premiums for medical, dental and vision are generally deducted pre-tax ${ }^{1}$; all other premiums are deducted after-tax.

## Health Savings Account (HSA) Contribution for 2024

If you enroll in HSA CORE or HSA VALUE, the Company will automatically contribute up to $\$ 400$ to your HSA — half in January and the other half in July. You can use this account to pay for eligible health care expenses for you and your eligible dependents on a tax-free basis for federal income tax purposes (state laws may vary). The money in your account is always yours.

Note you must be actively employed at the time of the contribution. Also, you must actively opt out of the Company contribution if you are Medicare-eligible and working past age 65 , or if you do not wish to receive the Company contribution.

[^0]:     above. However, you will also pay taxes on the value of the coverage as imputed income. Imputed income is calculated by subtracting the COBRA premium for Employee Only coverage from the COBRA premium for the coverage you have in effect such as Employee + Spouse in the case of just covering a domestic partner. The difference is your imputed income. COBRA coverage for this purpose is $100 \%$ of the unsubsidized cost of coverage and not $102 \%$. The imputed income amount is added to your paycheck as taxable income and results in income tax withholdings.
